# PROTECTIVE COMFORT SLEEVES

SOFT, NON-WOVEN FABRIC

Our disposable Protective Comfort Sleeves were designed to cover reusable or instant gel packs, allowing direct-to-skin application. Made of soft non-woven fabric, it has a side sewn pocket to hold the gel pack firmly in place and a built-in lip to ensure complete coverage. For medical facilities, it can be a valuable hygienic solution to protect the gel packs from cross contamination, allowing for continual re-use.

## BENEFITS

- Disposable
- Hygienic solution preventing hot and cold pack from coming in direct contact with the body
- Adds value by preventing cross-contamination, allowing re-use of gel packs

## FEATURES

- Made with soft, non-woven material for direct-to-skin application
- Side sewn with built-in lip to ensure complete coverage of gel pack

We have a variety of size and packaging options available to meet your needs.
