# MULTI-USE JOINT PAIN PACK

WITH VELCRO STRAP

Our Multi-Use Joint Pain Pack delivers hot and cold therapy to help soothe pain and injury in hard-to-cover joint areas, like knees and elbows. Made with our patent-pending triple layer premium fabric, this pack is soft on the outside and tough on the inside, featuring a crack-resistant inner liner to protect against leakage. Filled with our Contour-Gel, it molds to the body and always stays flexible, even when frozen, to calm inflammation fast. It also comes with an adjustable strap to hold the pack firmly in place and can be used for added compression as needed.
